Square Dancing for the FAMILY, with emphasis on the YOUTH, is our future as well as theirs. This teaches our youth coordination, confidence, leadership, cooperation, courtesy and many more things all while disguised as FUN!

Other benefits are:

- State and Nat'l organizations offer Scholarships
- Opportunities to travel – attend state & national conventions
- Fun of Competition
- Meet teens from around the city, state, and nation
- Opportunity to learn how to call the dance
- Many FUN activities in a safe and healthy environment

Our current membership ranges from 9 yrs old to... mature. We have a family that lives on a horse ranch and others that program computers. There is no particular profession or education. This is great for networking and making new friends.

The square dance costume is optional. Many women wear slacks, blue jeans, or country skirts.
